## **Pancakes/ Crepes (Nalesniki)**

---

Grease a pancake pan or frying pan with oil (few drops only). When hot, pour in enough batter and cook on both sides until lightly browned. Continue until all the batter is used. The number of pancakes will depend on the size of the pan. If you need more, increase the size of the ingredients proportionally. Pour the filling (about one tablespoon) on the top of the hot pancake, fold in half and pour some sifted powdered sugar on the very top.
